ANKITA VISHWAKARMA

Frontend Developer

ABOUT ME

I'm a passionate Front-End Developer skilled in HTML, CSS, JavaScript. My objective is to collaborate with innovative teams to create engaging web experiences. With a strong academic background from Mumbai University and a track record of building interactive web projects, I aim to contribute my expertise in user-centric design and problem-solving. I'm committed to ongoing learning, possess excellent communication skills, and bring a goal-oriented mindset to deliver quality work. Let's work together to shape the future of the web. 🚀

PROJECT EXPERIENCE

PERSONAL PORTFOLIO WEBSITE

Aug- 2023

HTML & CSS

- My Personal Portfolio Website is a showcase of my front-end development skills.
- Created using HTML, CSS, and JavaScript, it features a modern, responsive design with dynamic elements.
- Visitors can explore my educational background, project experience, skills, and interests. Certificates from FreeCodeCamp demonstrate my commitment to ongoing learning.
- Check it out to learn more about me as a Front-End Developer!

DRUM KITS SOUNDS

Jan- 2023

HTML, CSS & JAVASCRIPT

- Developed an interactive Drum Kit website
- using HTML, CSS, and JavaScript aimed at providing a fun.
- Implemented dynamic sound effects by associating keyboard keys with corresponding drum sounds using JavaScript event listeners.
- Hosted the project on GitHub:

<https://ankitav456.github.io/DrumKits/>

IMAGE SEACHING APP

Sep - 2023

HTML,CSS & JAVASCRIPT

- This project is a web-based image search application that uses the Unsplash API to fetch and display images based on user input.
- Users can enter search queries, and the application retrieves matching images, displaying them along with clickable links to view the images on Unsplash
- It supports pagination with a "Show More" button to load additional search results.
- The project includes error handling and user feedback for scenarios where no results are found or API requests encounter issues.
- Hosted the project on GitHub:
- https://ankitav456.github.io/Ankita_Resume/

SCHOOL LANDING PAGE

Aug - 2023

HTML & CSS

- Designed and developed School Landing Page using HTML and CSS, focusing on user-friendly aesthetics and clear navigation.
- Crafted an appealing layout that effectively communicates the school's values, programs, and highlights to potential students and parents.
- Demonstrated a keen eye for detail by incorporating consistent typography, color schemes, and spacing throughout the page.

Hosted the project on GitHub for version control and collaboration:
